

PARKGATE

PRIMARY SCHOOL

Welcome to Primary 2

Mrs Magowan

Classroom assistant is Mrs Johnston

Classroom Values

Promote
Independence and
initiative

Show respect for
others and
property.

Build confidence
and increase self-
esteem

Celebrate our achievements

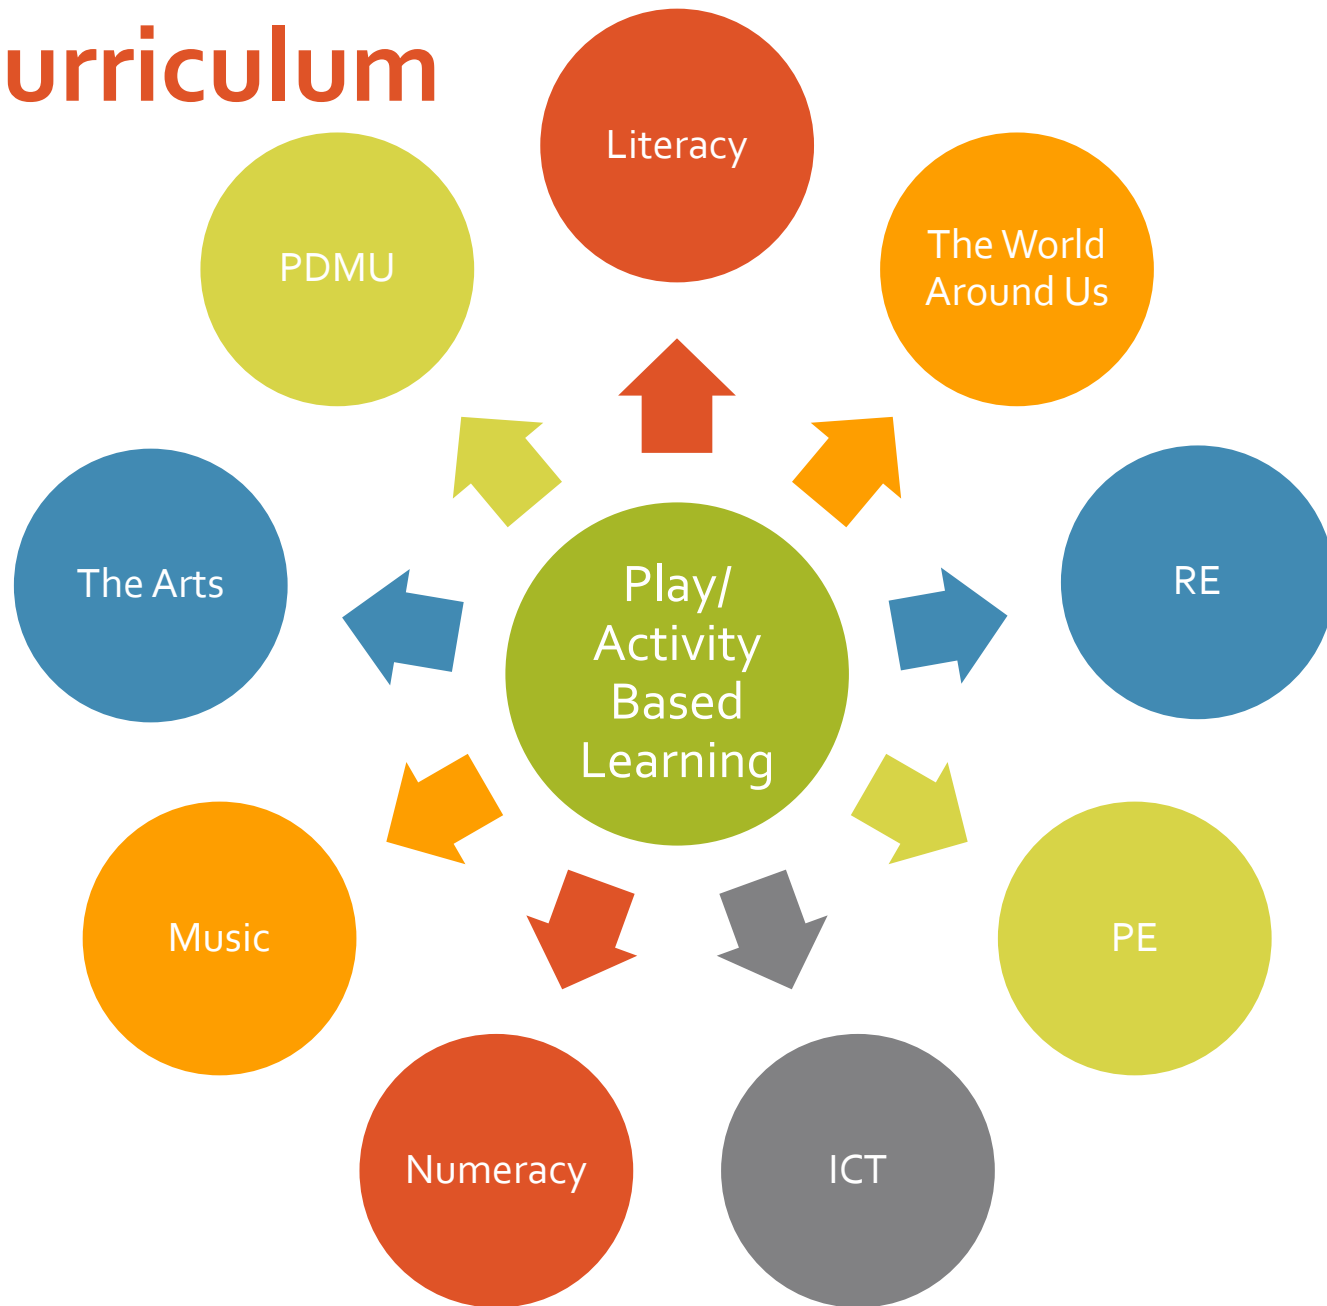

Develop
social skills

Build resilience – mistakes are a part of
learning

Take responsibility for our actions

P2 Curriculum

Play Based Learning

- Indoor and outdoor provision
- Allows children to explore learning in meaningful and purposeful context
- Based on our topics and children's interests

PLAY IS OFTEN TALKED ABOUT AS IF IT WERE A RELIEF FROM SERIOUS LEARNING. BUT FOR CHILDREN PLAY IS SERIOUS LEARNING. PLAY IS REALLY THE WORK OF CHILDHOOD.
-FRED ROGERS

Elements of learning to read and write independently:

Phonics

- Revision of all letters of the alphabet in September.
- Using these to blend three, then four letter words.
- Knowing when to use medial vowels e.g. – a: cat, sat -o: cot, top (October/November)
- Using digraph sounds e.g. 'ai', 'oa', 'ee', 'or' to form words (December – June)

High Frequency Words

These are the most commonly used words in our language. We encourage the children with a 'say and see' approach to these rather than sounding out. (Some are tricky words that can't be sounded out.)

- Revision of reading the first 50 words learned in P1 (September/October)
- 2-3 new words each week so that by end of year the children should recognise the first 100 words.
- Weekly work in class on forming words using playdough, tracing them in sand, chalk in playground etc.

Reading

Please listen to your child reading and talk about the book every night. Continue to revise sounds in sound books and look over word cards.

Pupils are assessed in September to establish their reading level and to formulate reading groups. Ongoing reading and Phonic assessment are carried out throughout the year and reading groups may be re-organized

Reading Schemes:

Oxford Reading Tree: Reinforces high frequency words learned from word cards.

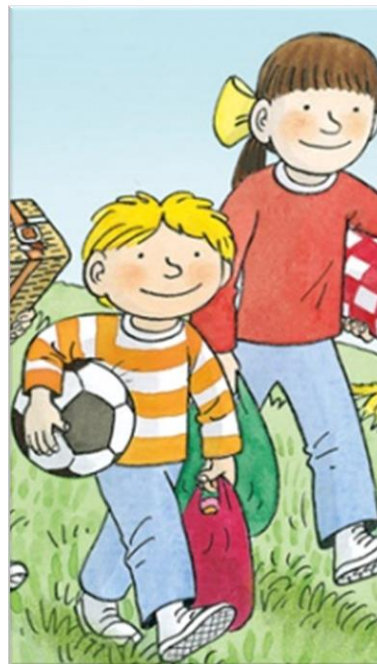

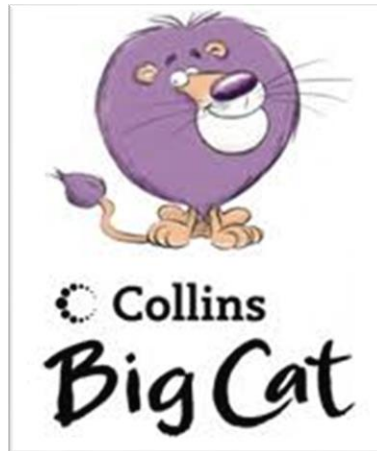

Dandelion Launchers/Songbirds/Bug Club: Help children to blend using the phonics they have learned in school.

Big Cat: Non fiction books help children to see that books have different genres and to learn facts.

Pupils read in class with the teacher on Mon – Thurs.

Using Phonics to decode words, comprehension skills and identifying grammar points are incorporated into each reading session.

Pupils complete a comprehension activity in class each week. This is used as an informal way of assessing their understanding of the text.

Writing

Each week the children will be encouraged to be as independent as possible during writing, using the words they have learned or can sound out. They use word walls to help with unknown words and try to sound out others. There are different opportunities for writing throughout the week:

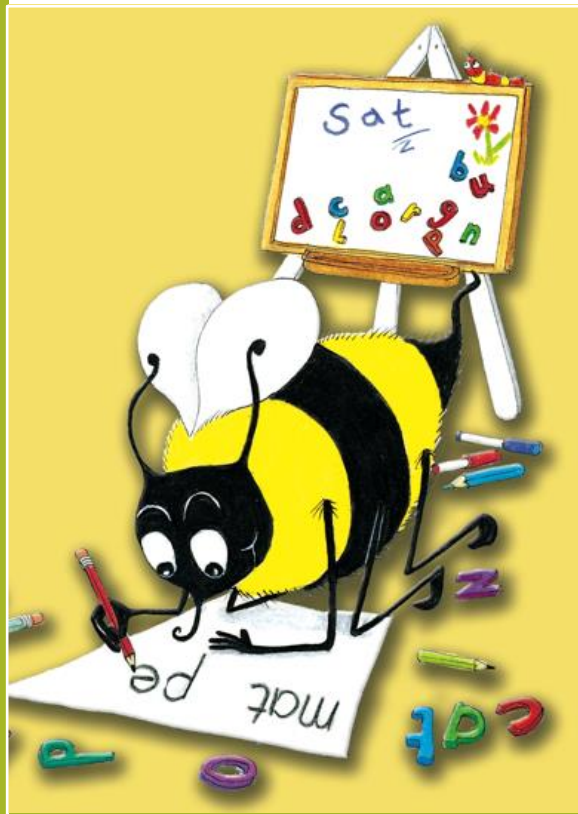

© Mystic Arts, LLC

- Weekend News books (Monday)
- Simple dictated sentences using most common words and sounded out words e.g. I can see the big dog.
- Writing forms (Friday) – This introduces the children to writing e.g. letters, simple poems, instructions, stories, in speech bubbles etc. Often the teacher demonstrates this first, then the children are encouraged to have a go.

I went
that was
hogs ried in
fulk.

The child will have a good attempt at sounding out some words. We don't fix/mark these wrong unless it is very difficult to read.

Spellings

From late October, the P2s will receive **weekly spelling lists**. Initially these will focus on the middle vowel sounds

e.g. Week 1 – fan, man, map

Week 2 – bed, pen, ten

There will also be one common word to learn e.g. the, of

The children will progress to four common words each week and two using their phonic sounds from that week.

E.g. in, my, went, at, **chip, chat**

Please look over these each evening as part of daily homework. These are tested every Friday.

You will notice a lot of the common word spellings will be repeated throughout the year. This is to really consolidate these as they can be tricky to retain.

Our strategies for Teaching Numeracy

PRACTICAL ACTIVITIES

I.C.T. SKILLS

PLAY BASED LEARNING

WRITTEN RECORDING

MENTAL STRATEGIES

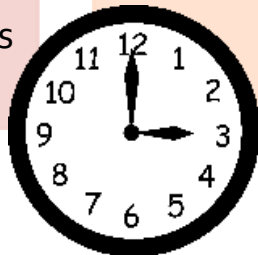

PROBLEM SOLVING

Number

- Learn number bonds to 10 using a variety of practical resources.
- Count up to and recognise numbers to 30. Count in twos, fives and tens to 50.
- Recognise coins up to £1.00. Solve problems using money up to 10p, progressing to 20p.
- Solve simple problems involving addition and subtraction to 10, progressing towards 20.

Time and Measures

- Order days of the week and months. Discuss seasons and daily timetable. Introduction to 'O'clock' times.
- Weight, Capacity and Length – Introduce measuring/weighing with everyday objects e.g. cubes and straws.
- Investigate measures through Play Based Learning

Shape, Position and Movement

- Make patterns using everyday objects and shapes.
- Use 2D and 3D shapes during play. Introduce names of 3D shapes and revise main 2D shapes.
- Use Beebots to move forwards, backwards, left and right.

Data Handling

- Compiling and interpreting:
- Pictographs
- Bar Graphs
- Venn, Carroll and Tree Diagrams

I.C.T.

Publishing

Select pictures for a topic on the computer

Film and Animation

Use Beebots to move directions

Managing Data

Take photos using the ipad

Digital Art and Design

Digital Audio

Presenting

Make a simple graph on Interactive Whiteboard

Computational Thinking and Coding

Print their Work.

The World Around Us

Marvellous Me

- Who am I?
- How have I changed as I have grown?
- Families
- When I grow up...

Toys and Teddy Bears

- How have things changed between the past and now
- How do things work
- Sources of energy
- How and why do things move

Light and Dark

- Sources of energy
- Sources of light
- Nocturnal animals
- Shadows

Houses and Homes

- To learn people and animals move and why.
- Features of different types of homes.
- Features of the local landscape.
- See how their locality has changed over time.

Under the Sea

- Discuss ways to be safe at the seaside
- Learning how to stay safe near water
- Sort into plants and animals
- Food chains
- Explore how water changes
- ocean pollution

Seasons

- How do living things survive?
- How do things change?
- What is in my world?
- How and why do animals move?

Assessment

Term One

- Phonic Assessment at end of September
- Ongoing reading assessment
- Assessment of reading the first fifty words in November.
- Parent Interviews to discuss progress

Term Two

- Ongoing reading assessment
- Phonic and HFW assessment
- Numeracy tasks at end of topic
- MISTS
- Parent interviews to discuss progress.

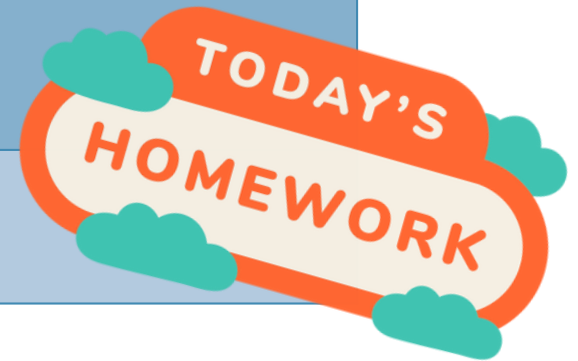

Term Three

- Assessment of reading first 100 words.
- Informal assessments of Numeracy and Literacy with work gathered for assessment folders.
- School Report

Informal assessment tasks and tests will be continuous throughout the year.

Homework Timetable

Monday	Written Numeracy homework Reading Spellings Mental Maths
Tuesday	Written Literacy homework – dictated sentences Reading Spellings Mental Maths
Wednesday	Written Literacy homework – Phonics Reading Spellings Mental Maths
Thursday	Spellings Mental Maths Reading

All content has been covered in class. Homework should take around 20-30 minutes to complete. Parents should sign and date all written homework.

Healthy Lifestyles

Water bottles are stored in the classroom. Pupils have access to them all day.

Healthy Break Policy

Healthy lunchboxes

P.E. - twice a week
Wednesday and Friday

- Just2easy is a digital tool suite that combines creation tools and games-based learning, celebrates through sharing and builds pupils' digital literacy skills.
- Parents can connect via Parent Portal to communicate with class teachers and view their child's digital learning journal.
- Please provide your email address today, you will receive an email invitation to register for an account and link to your child's Just2easy account.
- **What will we use Just2easy for?**
 - Digital learning journal
 - Basic communication between parents/teachers(Written notes are still required following absences)

Just2easy has many other tools that we may use in the future, but we will begin with these features.
